there is a Special Magistrate's Court and a Depot there and this Railway connection will not be in vain.

Dewan.—It is not possible for the line to pass through Hunsur? It can only go through Saligrama, Mirale, Ramanathpur, etc.; even this won't be possible for some time to come.

SUBJECT NO 175.

A Sub-Registrar's Office at Maddur.

Messrs. Channaboregowda, Channappa and Narasimhamurthy Rao, Mandya Taluk.

Mr. Narasimhamurti Rao.—A Sub-Registrar's Office may be opened at Maddur for the convenience of people coming from distant villages. On this matter we had waited on the Dewan Sahib also who was kind enough to promise to call for certain information. Last year also the same subject was before this house for discussion and since early consideration was promised, it was withdrawn. But we regret that the same subject has had to be brought up for discussion.

Dewan.—The Deputy Commissioner has addressed the Inspector-General of Registration in the matter. Government await the receipt of the papers.

SUBJECT No. 176.

Third Class Waiting Room at Maddur.

Messrs. Channaboregowda, Channappa, and Narasimhamurthy Rao, Mandya Taluk.

Summary of Discussion.—Arrangements may be made for the early construction of a Third Class Waiting Room at Maddur Railway Station. In the existing Waiting Room not even ten people can stand together and if rains, all the rain water rushes into the building.

Dewan.—Provision will be made in the next year's budget.

Mr. E. Krishnappa.—I solicit permission to remind Government about the delay in the execution of works to the Nanjangud Town Station platform. It is four or five years since, they agreed to execute the work, but nothing has been done beyond that the Railway authorities came, inspected the station area once and laid the foundation for a proper platform.

Dewan.—It will be done when the Chamarajnagar line will be completed.

Mr. E. Krishnappa.—But in the meanwhile, passengers often slip down and get hurt. A good platform is a very urgent necessity. We want also a Waiting Room urgently. The present Waiting Room affords no protection from sun and rain; it is as much as not having it.

Dewan.—Government will consider what can be done in the matter.

Mr. D. S. Hanumantha Rao.—Sir, I have a word to say in regard to the circumstances that have led to the loss in railway income. If kindly permitted, I shall submit them though that is not my subject.

Dewan.— You may send up a note on the subject to Government for consideration.
